
EternaEdge capability statement

EternaEdge is a Washington, D.C.–based intelligence technology company delivering APEX, a unified autonomous intelligence operating system for counterintelligence, OSINT, investigations, cyber threat intelligence, and travel security.

WHAT'S INSIDE

- Core capability — the APEX autonomous intelligence operating system
- Differentiators — one substrate, governed automation, complete auditability
- Markets — defense and intelligence, defense industrial base, law enforcement, critical infrastructure
- Compliance posture — NISPOM- and CMMC-aligned support; ISO 31030 program support
- Human-in-the-loop controls on every consequential step
