

LUCID

LUCID — OSINT Awareness overview

The always-on open-source sensing layer: autonomous collection, relevance-scored alerts, and briefings written for decisions.

WHAT'S INSIDE

- Counterintelligence-aware OSINT, not brand monitoring
- Grid — autonomous collection across 150+ agents and 50+ languages
- Horizon — continuous country and regional risk scoring and executive briefings
- Pulse — critical alerts in under 30 seconds, relevance-scored and correlated
- Campaign and influence-operation detection
- Summaries for action; the human role in analysis

WHO IT'S FOR

For intelligence analysts, watch teams, and leadership who need decision advantage without a 24/7 watch floor.
